Percentage: 91.20%

PERSONAL PROJECTS

•Personal Portfolio

Jan - 2023

Responsive Portfolio Website using HTML, CSS & JavaScript.

- Tools & technologies used: HTML, CSS, Bootstrap, VS Code.

PROJECT LINK

•Expense Manager

Nov-2022

This project is based on HTML, CSS, JAVASCRIPT, SHELL.

- The Expense Manager project is a web-based application designed to help users efficiently manage their personal finances. The primary goal of this project is to provide a user-friendly interface where individuals can track and categorize their expenses, set budgets, and gain insights into their spending patterns.
- The Expense Manager aims to empower individuals with the necessary tools to manage their finances effectively, promote responsible spending, and foster financial well-being.

•TIC-TAC-TOE

May-2022

This project is based on Python.

- The Tic Tac Toe Game is a classic two-player board game where each player takes turns marking 'X' or 'O' on a 3x3 grid. The objective of the game is to be the first player to form a horizontal, vertical, or diagonal line of their symbol.
-
